THE YBCA TV "PETUALANG NUSANTARA" PROJECT

Introduction

"Over twelve months, the Straits of Malacca sets abuzz with living reminiscence of the Srivijayan maritime empire. People from across the world gathers at the crossroads to demonstrate unbreakable bond with the Archipelagean lifeblood, and immerse the multi-faceted fabric of the ancient maritime silk route of Asia."

Synopsis

This is an exhibition for the maritime industry, showcasing artefacts from past glories of the 14th century ancient Srivijayan empire.

Amongst the invited countries into participation are South-East Asian countries including Singapore, Malaysia, Indonesia, Thailand, Vietnam, Laos, Cambodia and Myanmar other countries from the rest of Asia.

Various platforms shall present infotainment in multimedia performances. Held over 6 months at designated curated venues, this exhibition re-educates the schools and public from the findings made by official researchers for the exhibition project.

Objectives

- 1.Re-orientation of coordinated ancient knowledge
- 2.Re-experience of ancient maritime
- 3.Shared international platform for historical data exchanges
- 4.Achievement with transfer of learning credits from schemes

Proposal Summary

In exploring new frontiers on board project with associate research institutes, academies, universities and institutions, we hope to meet up with level expectations and presentations at the most current infocomms set.

Set on higher research and media skillsets, YBCA TV presents the project "Petualang Nusantara".

"Petualang Nusantara" is an innovative project in progressive modules to simulate the real world of an ancient Srivijayan maritime glory.

It consists of Public Infotainment Exhibitions, Research Journals & Archives, TV Docu-Dramas and yacht cruise excursions from Jakarta through the Straits of Malaca to the Arabic, Indian and South Asian ports surrounding the Andaman Sea.

Resources

1. EO Committee

The exhibition project forms an event organizing committee

2. Research Fellowship
